

Community Sponsored Awards Show

Judge's Statement

Thank you RAC for this opportunity to jury this engaging show by our very talented community members. I am so impressed by the diversity of styles, realism to abstraction; mediums, oils and acrylics, photography, collage, drawing, 3D; and subjects, nature, figures, and imagined. It is inspiring to see so many creative artists express their unique visions.

I want to congratulate all the artists who submitted work to this show. Choosing the winners was no easy feat, but an intriguing one. I felt that each piece expressed an interesting viewpoint and displayed technical skill. However, I did have to make choices. I believe my selections represent a cross section of the incredible diversity of our creative community.

RAC and its members make Rowayton a richer and more vibrant place.
