

Community Sponsored Awards Show

Judge's Statement

It was a pleasant surprise judging the current show at Rowayton Arts Center. The creative range of work made selecting my favorites difficult, but exciting. I enjoyed the combination of traditional styles exhibiting with more experimental, edgy mediums. Each category held its own, while supporting the overall appeal of the show. Reflecting on my own creative direction (as an artist), I was drawn to select works that possessed a deeper narrative as well as presented their concepts in a broader perspective.

Thank you for allowing me to take part in this process.

Be well,

Jahmane
