

Spring Juried Show 2026

Jurors Statement

We were thrilled to see the quality and diverse mediums of the 365 entries which created a challenging calling to narrow it down to 66 final submissions for the show.

We wanted to create a show with a strong balance in materials and process and really looked at each piece as a collector and something we would be proud to collect and show. We enjoyed having such competitive work so well curated in this beautiful, well-lit space and were thrilled to see how well it all came together.

In selecting our winners, we looked at the wide selection of excellent artwork. We gravitated to three clear winners for 1st, 2nd and 3rd choices as they showed a selection of the variety of submitted art. We had trouble keeping the Honorable Mentions at the suggested number – thankfully were allowed to include a couple more in this category!

Thank you to all the artists who entered this show and Congratulations to all the selected artists. You made it a challenging process and hope you will continue to put your work out there. We are confident you will enjoy this show as RAC is such an outstanding gallery and space to highlight these artists' work.
