

JUDGE'S STATEMENT

Anyone who picks up a stick of charcoal, a pen, a brush or camera to create and communicate in a visual medium deserves encouragement. Awards are intended to do that. Yet, I want to acknowledge the efforts of all the participants in this show. It has been a pleasure to judge. The first thing I look for is emotional impact. Second is skill with the formal aspects of the medium.

We are after all visual communicators, whether shouting or whispering...

Enjoy the show.

Stay Safe-Stay Creative
